*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

01/17/20 - 01/23/20

Friday-Sunday

- Some snow showers may cause lingering travel impacts over the mountains of Inland Region today, but otherwise weather should be dry across much of the state
- A storm Saturday will bring rain to far northwest California, with no significant impacts currently expected
 - Otherwise, dry conditions should prevail across the rest of the state through the weekend

Monday-Thursday

- The next storm system is expected to move into the state Monday and Tuesday, with the heaviest precipitation across Coastal and Inland Region
 - Travel impacts due to snow in the mountains are possible, primarily in Inland Region
 - Gusty winds are possible ahead of and with this storm system
- Wednesday and Thursday will likely be dry across much of the state, with a chance of showers in far northern California
